Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.**

1. Write short answer (**any ten** out of fifteen): [10 × 2 = 20]
- a) Mission of physician
 - b) Aude Sapere
 - c) Comprehensible Principles
 - d) Causa occasionalis
 - e) Double complex disease
 - f) What happens when two similar disease meet in nature
 - g) Sequential method of drug proving
 - h) Intercurrent Remedy
 - i) Herings Law of Direction of Cure
 - j) Value of characteristic Symptoms
 - k) High Susceptibility
 - l) Paucity of symptoms
 - m) Idiosyncrasy
 - n) Mother Miasm
 - o) Local diseases

2. Write short answer (**any four** out of six) : [4 × 5 = 20]
- Knowledge of Physician.
 - Unprejudiced observer.
 - Suspended animation.
 - Primary and secondary actions.
 - Types of acute diseases.
 - Homoeopathic method of drug proving.
3. Write short answer (**any four** out of six): [4 × 5 = 20]
- Prognostic value of Homoeopathic aggravation.
 - Accessory symptoms while treating one sided diseases.
 - Intermittent fever and their types.
 - Fifty milligram scale.
 - Route of administration of drugs.
 - Mesmerism, Massage, baths.
4. Long answer question (**any two** out of four): [2 × 10 = 20]
- Explain: Indisposition with examples.
 - Note on local application.
 - Classify and write in detail about mental diseases with general management of it.
 - Comment: Only single simple substance should be administered at one time.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Explain: Law of dissimilars with precise examples, what happens when two dissimilar natural diseases meet together in one person. [1 × 20 = 20]
6. Write a note on Theory of chronic disease and give five symptoms each of Psora, Syphilis and Sycosis. [1 × 20 = 20]
7. Define: Second prescription. Explain when the following are given as second prescription-Antidote. Complementary, Placebo. Give importance of second prescription in Homoeopathy. [1 × 20 = 20]

Fourth BHMS (2015) Examination, Winter

 - b) Write four Characteristic features of Spongia Tosta in Chronic Bronchitis.
 - c) Write four Characteristic features of Drosera in Cough.
 - d) Write four Characteristic features of Pyrogenium in Plaque.
 - e) Write four Characteristic features of Cinchona off in Malaria.
 - f) Write four Characteristic features of Arsenic Alb in Gastritis.
 - g) Write four Characteristic features of Nux Vomica in Hyperacidity.
 - h) Write four Characteristic features of Chelidonium in Acute Pancreatitis.
 - i) Write four Characteristic features of Calc carb in Beriberi.
 - j) Write four Characteristic features of Abrotanum in Marasmus.
 - k) Write four Characteristic features of Iodum in Goiter.
 - l) Write four Characteristic features of Baryta carb in Hypothyroidism.
 - m) Write four Characteristic features of Natrum Muriaticum in Hodgkin's disease.
 - n) Write four Characteristic features of Ferrum met in Iron Deficiency Anaemia.
 - o) Write four Characteristic features of Glonine in Heat Stroke.

2. Write short answer (any four out of six).
- Antimonium Tart in Bronchial Asthma.
 - Podophyllum in Diarrhoea.
 - Ranunculus bulbosus- Herpes zooster.
 - Ferrum phos - Aplastic Anaemia.
 - Borax- Stomatitis.
 - Arsenicum Iodiatum- Hodgkins Disease.

3. Write short answer (any four out of six):

[4 × 5 = 20]

- Phosphorus - Scurvy.
- Pulsatilla - Mumps.
- Calc Phos - Tetany.
- Ceanothus - Leukaemia
- Syzygium Jambolunum - Diabetes mellitus.
- Acalypha Indica - Phthisis.

4. Long answer question (any two out of four):

[2 × 10 = 20]

- Hypertension of Aconite Nap and Digitalis.
- Hemiplegia of Causticum and Plumbm met.
- Urinary Tract Infection of Cantheris and Berberis vul.
- Lumbar Spondylosis - Rhus tox and Hypericum.

Long answer question (any one from Q. No. 5, 6 and 7):

- Write in detail Homoeopathic approach of Epilepsy with scope and limitations, acute prescribing, chronic prescribing, auxiliary measures and indications of two remedies for the same. [1 × 20 = 20]
- Write in detail Homoeopathic approach of Angina Pectoris with scope and limitations, acute prescribing, chronic prescribing, auxiliary preventive measures and indications of two remedies for the same. [1 × 20 = 20]
- Write in detail Homoeopathic approach of Rheumatoid Arthritis with its scope and limitations, acute prescribing, chronic prescribing, auxiliary preventive measures and indications of two remedies for the same. [1 × 20 = 20]
