TYPE OF ACTIVITY	Gender Sensitization Program
DATE	18/02/2019 Time: 10.30am
COORDINATOR	HOD
ORGANISED BY	SCHMC
DESCRIPTION	The Awareness Programme on Sexual Harassment of Women at the Workplace aimed to educate employees and management on the legal frameworks and policies regarding sexual harassment. The session involved workshops and seminars led by legal experts and HR professionals, focusing on the Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013. Interactive scenarios helped participants understand harassment situations and appropriate responses. The distribution of informational brochures and handbooks reinforced procedures for reporting harassment. The ultimate goal was to enhance awareness and confidence in handling harassment issues within the organization.

DESCRIPTION	<p>The principal addressed the gathering and welcomed the guest. The HOD introduced about the guest and handed over to the speaker. The Speaker said that on the day of women's day celebration let talk about the National Girl Child Day, as it is celebrated in India every year on January 24. It was initiated in 2008 by the Ministry of Women and Child Development and the government of India, to spread public awareness about inequities that girls face in Indian society. The day is celebrated with organized programs including awareness campaigns about Save the Girl Child, child sex ratios, and the creation of a healthy and safe environment for girls. In 2019, the day was celebrated with the theme, 'Empowering Girls for a Brighter Tomorrow'. Finally HOD delivered the vote of thanks and the guest was felicitated with a momentum</p>

DESCRIPTION	The principal addressed the gathering and welcomed the guest. The HOD introduced about the guest and handed over to the speaker. Children are God's most beautiful creations. Life on earth would not have been possible without the existence of men and women. And the existence of the human race depends equally on both. Our existence would not have been possible in the absence of either gender. However, in our country, still today, a girl child is regarded as a curse and burden of the family, in many cases. These scary thought processes of a significant number of people in our country are threatening the existence of the human race and ruining the image of India globally. DESCRIPTION	<p>The principal addressed the gathering and welcomed the guest. The HOD introduced about the guest and handed over to the speaker. The speaker stated that it is disheartening to witness the increasing number of cases where women are subjected to physical, emotional, and sexual abuse. As a responsible citizen, I feel it is our collective duty to address this grave issue and take steps towards creating a safer environment for women. Violence against women is a global phenomenon and its magnitude and effects are often underrated. It directly affects a third of the world's female population, as more than one out of three women worldwide have been beaten, coerced to sex, or in other ways abused throughout their lives. DESCRIPTION	<p>The principal addressed the gathering and welcomed the guest. The HOD introduced about the guest and handed over to the speaker. A measurement of accomplishment, justice, and opportunity in education is called educational equity, sometimes known as equity in education. The study of excellence and equity is often related to the study of educational equality. Equity in education is influenced by two key elements. The first is fairness, which suggests that circumstances unique to a person's particular circumstances shouldn't get in the way of their potential for academic achievement. The second element is inclusion, which is a complete norm that all students in a certain educational system must meet. These two elements are interdependent and strongly tied to the effectiveness of an educational system. Finally HOD delivered the vote of thanks and the guest was felicitated with a memento.</p>
