SAFETY AND SECURITY

The Institution has high quality CCTV cameras installed all over the campus to track the activity of every student thus ensuring their safety inside the campus.

Adequate security staff are available in the college 24/7 throughout the campus and also in hostels (Boys/Girls) that make sure that no untoward incident takes place in the campus.

Institute provides reserved seats for women faculty and girl students in college transport. All the girl students are accompanied by female faculty during Industrial visits, Workshops, Conferences, and Competitions.

There are separate hostels with caring & responsive wardens with appropriate security arrangements for boys and girls

The Institution has a special cell called Student Counseling center through which it addresses the student's grievances related to academic and non academic matters, such as assessment, victimization, harassment by colleague students or teachers etc.

Women protection cell (Vishakha Committee) addresses the grievances regarding the gender sensitivity issues of students and faculty.

Gender equality means ensuring that everyone, regardless of their gender, has the same rights, opportunities, and treatment. It involves addressing and removing barriers that prevent individuals from achieving their full potential due to their gender. This includes equal pay for equal work, equal access to education and healthcare, and challenging societal norms and stereotypes that perpetuate inequality

To increase awareness about gender problems, our college organizes and participates in several activities, including:

1. To help females become more self-reliant and safer, we organize lectures, seminars, conferences and workshop on gender sensitization.
3. A variety of activities, including articles, banners, and rangoli, are planned to learn what the kids believe about gender problems.
4. The college also presents street plays and performances throughout the neighborhood that address issues including child abuse, sexual harassment, and other topics in an effort to alter public perceptions about females.
5. In compliance with government regulations, an Anti Ragging Cell and Vishaka Committee is established to investigate cases of sexual harassment, develop and implement programs, and respond to any occurrences.
7. Students organize activities to raise public awareness of the necessity to safeguard female children and the problem of women's advancement.
8. Planning festivities that center on the concept of Women's Day.

The school offers the following resources to assist girls learn more about gender issues:

Security and Safety:

Girls get a variety of services to ensure their safety and security. The college grounds are manned by security personnel around-the-clock. CCTV is monitoring the college premises. The warden patrols the grounds often and watches over the children all the time.

Counseling:

The staff works hard to ensure that students' grievances and difficulties are appropriately handled, and the school ensures that students get counseling.

Rooms for Everyone:

Boys and girls may utilize two separate rooms at the college.
