

Event Report: Peer Tutoring/Mentorship Program

Date: 21/06/2022

Organized by: SCHMC

Target Audience: ALL STUDENTS

Introduction:

The Peer Tutoring/Mentorship Program was introduced to support all students by pairing them with (mentors). The program aimed to provide personalized academic assistance and foster a collaborative learning environment. Through one-on-one and small group sessions, mentors offered guidance to help mentees improve their understanding of subjects and develop effective study habits.

Objectives:

- To improve academic performance among slow, average and advanced learner through peer-to-peer learning.
- To build confidence and motivation in students by providing mentorship and academic support.
- To create a collaborative learning environment that encourages knowledge sharing.

Program Overview:

The program commenced with an orientation session on 21/06/2022, where mentors and mentees were introduced. Guidelines and expectations for the program were clearly outlined. The mentorship pairs met weekly for study sessions focused on specific subjects where the mentees needed help.

Mentors were responsible for:

- Reviewing academic materials with their mentees.
- Explaining complex concepts in a simplified manner.
- Helping mentees develop effective study plans and habits.
- Providing emotional support and encouraging mentees to stay motivated.

Key Activities:

1. **Initial Assessment:**

Ref. No.- SCHMC/ /

Date : / /

- Mentees completed a diagnostic assessment to identify areas of difficulty. This helped mentors tailor their support to the mentees' needs.
- 2. **Weekly Study Sessions:**
 - Mentors and mentees met for 1-2 hours per week. These sessions were flexible and focused on reviewing course content, practicing problem-solving, and preparing for exams.
- 3. **Goal Setting:**
 - Mentors helped mentees set realistic academic goals, such as improving grades in a specific subject or mastering a particular topic.
- 4. **Group Study Sessions:**
 - In addition to one-on-one sessions, group study sessions were organized where mentors worked with multiple mentees, promoting collaborative learning.

Conclusion:

The Peer Tutoring/Mentorship Program successfully created a supportive and collaborative academic environment. Many mentees reported feeling more confident in their studies and better equipped to tackle challenging subjects. The mentors also gained leadership and teaching experience through the program.

Next Steps:

- The program will continue with new mentor-mentee pairings based on student feedback and academic progress.
- Additional training will be provided to mentors to enhance their tutoring skills and address specific learning needs.
